SKILLS

FRONTEND
- HTML
- CSS
- JavaScript
- React
- TypeScript

BACKEND
- Java
- Spring Boot
- RESTful API
- JWT

DATABASE
- PostgreSQL
- SQL

TOOLS&OTHERS
- Git
- GitHub
- Maven
- UI/UX Design

LANGUAGES

- English (Intermediate)
- Turkish (Native)

PROFILE

Hello! I'm Elif Buse Holozlu, a Software Engineering student. With a passion for web technologies, I enjoy creating modern and user-friendly interfaces. I focus on developing dynamic and interactive projects using technologies like React, JavaScript, and CSS. I'm always open to learning new technologies and constantly improving myself.

WORK EXPERIENCE

Information and Communication Technologies Authority

Software Engineering-Intern   JUNE 2025-AUGUST 2025

- **Responsibilities & Achievements**

- Developed user interfaces using React and modern JavaScript technologies
- Created mobile-friendly web applications by applying responsive design principles
- Built backend services by developing RESTful APIs with Spring Boot
- Gained experience in data processing using PostgreSQL database management and SQL queries
- Applied user experience (UX) and user interface (UI) design principles
- Worked on frontend performance optimization and code quality improvements
- Gained experience in team collaboration using Git version control system

- **My Projects**

- ***Call Center Management System***
- A comprehensive call center management system I developed using Java Spring Boot, React, and PostgreSQL. Includes real-time analytics, customer relationship management, and advanced reporting features.

- ***Nodora (Karban Card Management System)***
- A backend project I developed with Java Spring Boot. Includes RESTful API design, database management, and secure authentication system. Built a modern web application using Maven for dependency management and PostgreSQL database.

EDUCATION

Bachelor of Science-Software Engineering   2021 - 2026
European University of Lefke

High School   2016 - 2020
Gölbaşı Anatolian High School
